Dear Parents and Carers

As we are now in Summer Term, it is important that we protect learners from the sun during break times, outside learning or outings.

We would be grateful if you could apply sun cream before your child leaves for school each morning during this term.

We suggest you use a product which provides coverage over a long period. Waterproof sun cream would suit all needs whether playing outdoors, swimming or other water outdoor play activities.

A hat would also be advisable to ensure good protection. Learners will have regular water breaks during the school day.

Yours Sincerely

Jacqueline Clearkin
Headteacher
